Volunteer Wisconsin - Volunteer Wisconsin is a statewide initiative working in collaboration with Marshfield Clinic, Serve Wisconsin and Volunteer Centers to connect volunteers, promote volunteering, and support the capacity of nonprofits through volunteers. Its mission is to promote, support, and increase effective volunteerism for positive community impact.

Since 2011, Volunteer Wisconsin has offered an interactive website, www.VolunteerWisconsin.org. Here, potential volunteers can find service opportunities in their community and nonprofits can access resources regarding volunteer recognition, upcoming trainings and conferences, best practices in volunteer management and continuing education opportunities.

Corporation for National and Community Service (CNCS) - The Marshfield Clinic AmeriCorps programs and Tribal AmeriCorps Program are funded through the CNCS. In addition to AmeriCorps, CNCS administers VISTA, Senior Corps and Learn and Serve America. Together these programs engage more than two million Americans of all ages and backgrounds in service each year. For more information on CNCS, visit www.nationalservice.gov.

Wisconsin National and Community Service Board (Serve Wisconsin) - WNCBSB (also known as Serve Wisconsin), is a 21-member citizen body appointed by the governor. Serve Wisconsin, housed at the Wisconsin Department of Health Services, is attached to the Wisconsin Department of Administration and currently has a five-person staff.

The mission of Serve Wisconsin is to promote, train and allocate resources to programs that enrich lives and communities through service and volunteering. Presently, Serve Wisconsin provides funding for the kickoff and end-of-year celebrations as well as hosting quarterly program director meetings and a statewide service conference.

Serve Wisconsin supports service in Wisconsin primarily by granting AmeriCorps funds from the Corporation for National and Community Service to organizations that involve citizens in service activities while also meeting human, educational, environmental, public safety and homeland security needs. Through their participation in AmeriCorps programs, members are given the opportunity for professional and personal development. For an overview of Serve Wisconsin, visit www.servewisconsin.wi.gov.
