Introduction

AmeriCorps

At the national level, AmeriCorps engages more than 80,000 Americans in service each year at nonprofits, schools, community and faith-based groups and public agencies across the country. Since 1994, more than 800,000 AmeriCorps members have contributed more than one billion hours of service while tackling pressing problems and mobilizing millions of volunteers. AmeriCorps programs move communities forward and contribute to the overall development of individuals that serve as members. AmeriCorps places thousands of individuals into positions where they learn valuable work skills, earn money for education and develop an appreciation for citizenship.

Marshfield Clinic Center for Community Outreach has operated AmeriCorps programs in Wisconsin since 2000. Marshfield Clinic AmeriCorps programs have consistently been ranked in the top tier of AmeriCorps programs by Serve Wisconsin. Serve Wisconsin is federally funded by the Corporation for National and Community Service to operate AmeriCorps programs throughout Wisconsin. AmeriCorps is considered a domestic version of the Peace Corps in which each AmeriCorps member commits a year to intensive service to meet critical community needs. Center for Community Outreach is a reflection of Marshfield Clinic's broad concept of healthcare, which includes looking beyond Clinic walls at medical and non-medical issues that have a significant effect on quality of life for all residents of a community. Marshfield Clinic staff provide consultation, education, training, technical assistance and other resources to community coalitions and afterschool programs across Wisconsin.

Marshfield Clinic AmeriCorps Afterschool

During the 2017-2018 program year, Marshfield Clinic AmeriCorps Afterschool will place 30 full-time AmeriCorps members with afterschool programs that have committed to a case management process (**Academic Plus Program**) that improves academic performance of economically disadvantaged children and youth ages 5-14. Members will be working directly with children as part of case management. Members will support and enhance healthy active living programs, personal and social development, provide academic assistance in schools and recruit and mobilize volunteers.

Afterschool programs may apply to become an AmeriCorps host site by completing this application. Afterschool programs that are selected are known as host sites and will be responsible for their own member recruitment with materials and guidance provided by Marshfield Clinic. Marshfield Clinic will verify member eligibility and process the necessary paperwork.

Staff from Marshfield Clinic will provide training at AmeriCorps orientation in September to prepare members for their term of service. After orientation, members will begin serving at their host site. Members will serve 35-40 hours per week, providing direct support to the afterschool program. Members will receive a bi-weekly living allowance and health insurance. Upon successful completion of their term of service, members receive a \$5,815 education award. Staff from Marshfield Clinic and University of Wisconsin-Milwaukee will provide education, training and technical assistance throughout the term of service.

Member Service Plan due to Marshfield Clinic

Member Benefits and Guidelines

Members

Members are enrolled for the purpose of serving the afterschool program and must also serve a **portion of their time in school during the school day**. The afterschool program assigns a host site and host site supervisor for the member. The host site is the physical location where the member has a desk, phone and internet access. The host site supervisor is an individual employed by the afterschool program that supervises the member. Members primary responsibility will be the completion of the program performance measures as indicated in training and on the member service plan.

Term of Service

Members must serve at least 1,700 hours during the term of service, averaging 35-40 hours per week in most situations. Members may apply to serve up to four terms of service, although federal regulations allow a member to earn no more than the value of two full-time education awards.

Living Allowance

Members receive a living allowance of approximately \$485.77 (gross pay/before taxes) every two weeks during their term of service. The net amount received is based upon the tax status of the individual. Marshfield Clinic manages the member payroll. Final payroll amount is stated at orientation.

Education Award

Upon the successful completion of the term of service (1,700 hours minimum), members receive a \$5,815 Segal AmeriCorps Education Award. Education awards can be used to pay educational expenses at qualified Title IV institutions of higher education, for educational training, or to repay qualified student loans (not private loans). Members have seven years to use their education awards. Any member 55 or older at the start of his or her term of service may transfer the education award to his or her children or grandchildren.

Loan Forbearance & Interest Accrual on Student Loans

Members may apply to be exempt from paying qualified student loans (not private loans) and are not required to pay the interest that is accrued on those loans during the term of service as long as the member properly submits the request and successfully completes their term of service. If a member terminates their service (non-compelling) they will be responsible for interest accrued during the term of service. These systems are managed by the Corporation for National and Community Service.

Health Insurance and Childcare Benefits

Members receive the option for health insurance (premiums paid by AmeriCorps program) and childcare assistance. The member must apply for childcare benefits and be approved by the management organization, GAP Solutions Inc. (GAPSI). Marshfield Clinic links the member to these benefits, but does not manage them.

Service Gear

Service gear is provided to members. Members are required to wear their issued AmeriCorps name badge at all times while they are serving. Other service gear provided such as t-shirts or sweatshirts may be worn at the site's discretion.

Member Recruitment & Retention

Members must be 19 years of age by September 11, 2017 AND have a high school diploma, certificate of General Education Development (GED), or High School Equivalency Diploma (HSED). Host site may require the member to hold a valid driver's license and pass a DMV check.

Host sites will be responsible for interviewing and selecting the AmeriCorps member(s). All enrollment considerations will be non-partisan, non-political and non-discriminatory as established in Corporation for National and Community Service and Marshfield Clinic policies.

The host site supervisor will send Marshfield Clinic the completed AmeriCorps application of their selected applicant. Marshfield Clinic will review the applicant's information and perform criminal background checks and Division of Motor Vehicle (DMV) checks to determine eligibility to serve.

Member retention is critical to the overall success of Volunteer Wisconsin AmeriCorps. Host sites should ensure that member applicants are aware of the necessary time and financial commitments involved in serving as an AmeriCorps member. Completion of the full term of service is a high priority for the member, host site and Marshfield Clinic.

Cash Payment

Participating host sites are responsible for payment of \$7,500 per member to Marshfield Clinic Center for Community Outreach no later than September 30, 2017. If the host site loses or releases a member any time during the term of service, the host site is still required to complete the full payment. **There are no refunds for loss of member or services.** If multiple agencies share a member's cash match payment, ONE agency must assume responsibility for the invoice payment and designate this in this application. Sources should be non-federal unless permission is secured in writing and a copy is provided to the Marshfield Clinic staff.

Reimbursements

Members who drive to/from any required Marshfield Clinic AmeriCorps trainings will be reimbursed if at least one other member shares the ride and (s)he has an acceptable driving record. Geographic restrictions will be taken into consideration. Host sites that require members to drive their own vehicles for host site business may be required to reimburse mileage.

Replacement of Member

Members may be replaced only if the host site selects and submits a new member application by November 17, 2017 AND if the current member had completed less than 510 hours. Recruitment of a

replacement member will be the responsibility of the host site. A replacement member would need to be selected and processed by November 17, 2017. The replacement member must still complete a full 1,700 hours and will receive the \$485.77 bi-weekly living allowance during their term of service. Service term will begin on the designated start date through August 31, 2018.

Standards of Conduct (member)

Member non-compliance means that the member is found to be violating the Member Participation Agreement of the AmeriCorps program. In a situation where a member is found to be non-compliant, the following steps will be taken:

1. First offense, an appropriate program official (AmeriCorps manager, host site supervisor or staff) will issue a verbal warning to the member (documented).
2. Second offense, an appropriate program official (AmeriCorps manager, host site supervisor or staff) will issue a performance improvement plan and reprimand the member.

Appendix E

Grievance Procedure

The member, Host Site Supervisor and agency understand that the program has a grievance procedure to resolve disputes concerning the member's suspension, dismissal, service evaluation or proposed service assignments. If a member resigns their position with AmeriCorps they are no longer eligible to use the grievance procedure.

The member understands that, as a participant of the AmeriCorps program, he/she may file a grievance in accordance with the program's grievance procedure, as stated below.

(a) *Alternative dispute resolution.* (1) The aggrieved party may seek resolution through alternative means of dispute resolution such as mediation or facilitation. Dispute resolution proceedings must be initiated within 45 calendar days from the date of the alleged occurrence. At the initial session of the

dispute resolution proceedings, the party must be advised in writing of his or her right to file a grievance and right to arbitration. If the matter is resolved, and a written agreement is reached, the party will agree to forego filing a grievance in the matter under consideration.

(2) If mediation, facilitation, or other dispute resolution processes are selected, the process must be aided by a neutral party who, with respect to an issue in controversy, functions specifically to aid the parties in resolving the matter through a mutually achieved and acceptable written agreement. The neutral party may not compel a resolution. Proceedings before the neutral party must be informal, and the rules of evidence will not apply. With the exception of a written and agreed upon dispute resolution agreement, the proceeding must be confidential.

(b) *Grievance procedure for unresolved complaints.* If the matter is not resolved within 30 calendar days from the date the informal dispute resolution process began, the neutral party must again inform the aggrieving party of his or her right to file a formal grievance. In the event an aggrieving party files a grievance, the neutral may not participate in the formal complaint process. In addition, no communication or proceedings of the informal dispute resolution process may be referred to or introduced into evidence at the grievance and arbitration hearing. Any decision by the neutral party is advisory and is not binding unless both parties agree.

(c) *Time limitations.* Except for a grievance that alleges fraud or criminal activity, a grievance must be made no later than one year after the date of the alleged occurrence. If a hearing is held on a grievance, it must be conducted no later than 30 calendar days after the filing of such grievance. A decision on any such grievance must be made no later than 60 calendar days after the filing of the grievance.

(d) *Arbitration.* (1) Arbitrator—(i) Joint selection by parties. If there is an adverse decision against the party who filed the grievance, or 60 calendar days after the filing of a grievance no decision has been reached, the filing party may submit the grievance to binding arbitration before a qualified arbitrator who is jointly selected and independent of the interested parties.

(ii) Appointment by Corporation. If the parties cannot agree on an arbitrator within 15 calendar days after receiving a request from one of the grievance parties, the Corporation's Chief Executive Officer will appoint an arbitrator from a list of qualified arbitrators.

(2) Time Limits—(i) Proceedings. An arbitration proceeding must be held no later than 45 calendar days after the request for arbitration, or, if the arbitrator is appointed by the Chief Executive Officer, the proceeding must occur no later than 30 calendar days after the arbitrator's appointment.

(ii) Decision. A decision must be made by the arbitrator no later than 30 calendar days after the date the arbitration proceeding begins.

(3) The cost. The cost of the arbitration proceeding must be divided evenly between the parties to the arbitration. If, however, a participant, labor organization, or other interested individual prevails under a binding arbitration proceeding, the State or local applicant that is a party to the grievance must pay the total cost of the proceeding and the attorney's fees of the prevailing party.

(e) *Suspension of placement.* If a grievance is filed regarding a proposed placement of a participant in a program that receives assistance under this chapter, such placement must not be made unless the placement is consistent with the resolution of the grievance.

(f) *Remedies.* Remedies for a grievance filed under a procedure established by a recipient of Corporation assistance may include—(1) Prohibition of a placement of a participant; and (2) In grievance cases where there is a violation of nonduplication or nondisplacement requirements and the employer of the displaced employee is the recipient of Corporation assistance—(i) Reinstatement of the employee to the

position he or she held prior to the displacement; (ii) Payment of lost wages and benefits; (iii) Re-establishment of other relevant terms, conditions and privileges of employment; and (iv) Any other equitable relief that is necessary to correct any violation of the nonduplication or nondisplacement requirements or to make the displaced employee whole.

(g) *Suspension or termination of assistance.* The Corporation may suspend or terminate payments for assistance under this chapter.

(h) *Effect of noncompliance with arbitration.* A suit to enforce arbitration awards may be brought in any Federal district court having jurisdiction over the parties without regard to the amount in controversy or the parties' citizenship.

If a grievance is filed regarding a proposed placement of a participant in a program that receives assistance from the Corporation for National and Community Service, such placement must not be made unless the placement is consistent with resolution of the grievance.

Appendix F Drug Free Workplace Act

The Corporation for National and Community Service requires that programs/host sites will make a good faith effort, on a continuing basis, to maintain a drug-free workplace as noted in sections 5150-5160 of the Drug-Free Workplace Act of 1988 (P.L. 100-690), 45 CFR Part 2545, Subpart B.

The use of drugs is one of the most difficult problems faced by society. As an employer, we believe it is important we state our policy on this issue as it relates to the workplace. Please note, AmeriCorps members are covered by the following policy. Employee references apply to members. Members agree to abide by the terms of this act.

It is our intent to maintain a drug-free workplace. The unlawful use of controlled substances is inconsistent with the behavior expected of employees, subjects all employees and visitors to our facilities to unacceptable safety risks, and undermines Marshfield Clinic's ability to operate effectively and efficiently. In this connection the unlawful manufacture, distribution, dispensation, possession, sale, use or being under the influence of a controlled substance in the workplace or while engaged in Clinic business off Clinic premises is strictly prohibited. Such conduct is also prohibited during nonworking time to the extent that in the opinion of the Clinic, it impairs an employee's ability to perform on the job or threatens the reputation or integrity of the Clinic.

Marshfield Clinic has established a drug-free awareness program. The Clinic makes training sessions available at which the dangers of drug abuse, the Clinic's policy regarding drugs, the availability of counseling and the Clinic's employee assistance program will be discussed. Employees convicted of controlled substance-related violations in the workplace (including pleas of no contest) must inform the Clinic within 5 calendar days of such conviction or plea in writing. Employees who violate any aspect of the policy may be subject to disciplinary action up to and including termination. At its discretion, the Clinic may require employees who violate the policy to successfully complete a drug abuse assistance or rehabilitation program as a condition of continued employment.
